An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jeffrey Valley on 16 July 2007.

The application has been amended as follows:

Claims 1, 4-17, 20-31 and 34-40 are allowed.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: the prior art of record fails to teach or suggest the claimed invention. Specifically, the prior art of record fails to teach or suggest during installation transferring multiple portions of data to each of the plurality of computing devices wherein the portions transferred asynchronously include one or more programs to configure the plurality of devices and wherein the portions that are transferred concurrently are larger than the portions transferred asynchronously, as recited in independent claims 1, 10, 14, 27 and.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
